

Clinical Data Research Hub

LIGGINS
INSTITUTE

Welcome to the **Clinical Data Research Hub (CDRH)**, a coordinating centre for clinical research, hosted by the Liggins Institute and supporting the [ON TRACK Network](#). In collaboration with the Department of Obstetrics and Gynecology, and Department of Paediatrics: Child and Youth Health, University of Auckland.

Clinical Data Research Hub (CDRH)

We provide a comprehensive range of data management services for randomised trials and clinical studies, including online databases, custom randomisation, drug distribution and web dashboards for study monitoring. Our systems will help you streamline setting up and running your trial.
